USYD ADP RHINO 7

HOW TO INSTALL FULL LICENCE   SEMESTER 1 2024

○ **WILKINSON BUILDIING COMPUTER LABS**
  ACCESSSIBLE VIA UNIKEY LOG IN

All the computers in the Wilkinson Building labs have Rhino 7 installed (Windows).
The latest version released is Rhinoceros 8.

All computers in Wilkinson (including DMaF Lab) will not have Rhino 8 until Semester 2 2024.

If you wish to use Rhino 8, you may download a 90-day free trial on your personal computer.
However, computers in DMaF Lab and Wilkinson Building Computer Labs will not have Rhino 8, so
your files will not open in Rhino 7 unless you save your Rhino files as Rhino 7.

○ **RHINO ON PERSONAL COMPUTER (RHINO 7)**

  ALL ADP STUDENTS HAVE FULL LICENCE ACCESS TO RHINO 7

For Rhino on your personal computer, use the following server credentials to validate licence.

1. Go to this URL vpn.sydney.edu.au
2. Follow the onscreen instructions to install the Cisco VPN client to your own computer
3. Open Cisco AnyConnect Secure Mobility Client and type "**vpn.sydney.edu.au**"

4. Click 'connect' then login with your Unikey credentials.

5. Go to this URL to install Rhino 7 https://www.rhino3d.com/download/archive/rhino/7/latest/
